

Do the citizens of Windsor need more taxes?

The City of Windsor is looking to enact a bylaw to LICENSE all residential rental properties in the city. This bylaw would be significantly detrimental to both landlords and tenants from a number of perspectives.

TENANTS: do you want to pay more on top of your rent and give it to the city?

LANDLORDS: do you want significantly increased costs and paperwork?

This is nothing more than a tax grab!

To become more informed and sign a petition to oppose this bylaw, please go to the following website:
